COPY—10c

Dawahare To Seek Board Office

Hazard merchant Willie Dawahare announced Saturday he will seek one of the two new seats on the City Board of Commissioners in the November election.

As of this morning, Dawahare was the only announced candidate for the vacancies. A Walkertown resident, Arthur Gay, however, is circulating a petition to reportedly file for office.

Deadline for filing is midnight, Wednesday.

The election will bring to five the total membership of the board. Candidates running in the November election will serve for one year. They will be seeking the two new seats on the board created by the Kentucky legislature at its last session when the board's membership was increased from three to five.

Regular Members

The board's regular membership now includes Mayor Douglas Combs, Commissioner Cal-

way Cowell and Commissioner George Feltner. Elected last month by the board to serve until the November elections was R. W. Gibson. The fifth remains vacant, but will probably be filled by appointment by Mayor Combs sometime this week.

Dawahare's filing came almost three weeks after he was nominated by Feltner to temporarily fill one of the two vacancies on the board. Dawahare for the office on vote by Mayor Combs and Cowell.

Native of Area
A native of Eastern Kentucky, Dawahare came to Hazard in 1948 a president of Dawahare's of Hazard, Inc. He is also president of the parent firm, Dawahare's Inc., an Eastern Kentucky chain headquartered in Whitesburg.

He is past president of the Hazard Lions Club, a Mason Shiner, president of the Hazard Booster's Club, and community campaign chairman, 1958 Boy Scout Finance Drive. He is listed in "Who's Who in the South." Dawahare entered the retail business with his father in Neon in 1933. He attended the University of Kentucky and Eastern State College.

He and his wife reside on Perry Street. They have one daughter, Willa Ruth, 7, a student at Lower Broadway School.

If more than four candidates file for the office, a primary will be held Sept. 20. Circuit Court Clerk Jessie Horn announced today. If four or less file, no primary will be held and the election will be held on Nov. 4.

Bank Contributes To 5 Churches

Five Perry County churches received \$500 each in contributions from the Peoples Bank last week.

Churches receiving the donations were the First Baptist, Christian, Methodist, Presbyterian and Catholic.

The donations brought to \$5,000 the amount contributed by the bank to various congregations this year.

Hazard To Be Capital City Of New State, "Eastern Ky."

By Tom Gish
From: Whitesburg Mountain Eagle

A friendly cup of coffee grew into plans today for a possible Eastern Kentucky march on Frankfort to demand more in the way of roads and other public facilities for this area.

There is even talk of setting up a new state—to be called East Kentucky—unless state officials and the rest of Kentucky do something more than pay lip service to problems here.

Plans are being made for a mass meeting of Letcher County residents at the courthouse on Friday, Aug. 8, at 8 p.m. EST. All persons interested in the future of the county are being urged to attend.

'Something Must Be Done'

It all started when about a dozen businessmen happened in for coffee at the same time Wednesday at the City Cafe. They got to talking over Eastern Kentucky's present situation and agreed that something must be done.

The group included Bill Adams, Dexter Dixon, Ray Collins, Pearl Dixon, Steve Adams, Emmett Fields, Steve Caudill, Lindsey Webb, Jesse Holbrook and Harry Caudill. They say they have since discussed their idea with many other persons in the county, and have received an enthusiastic response.

"Roads or a New State," is cry. "No Taxation without Representation" will be the chief battle-cries, it will be another slogan.

Collins said Eastern Kentucky does not have to remain in Kentucky if it is going to continue receiving unfair treatment.

West Virginia Did It

The people of western Virginia split off

from Virginia to form the free and independent state of West Virginia, and there is no reason why there could not be a state called East Kentucky, Collins said.

"Hazard is getting everything, we'll just let that be the capital," Collins. He was quick to add that he was glad to see Hazard get everything it has got, and hopes it continues to get more.

"It looks like Hazard is the only place in Eastern Kentucky that's going to get anything," Collins said.

The people of the seventh and eighth congressional districts of Eastern Kentucky are not receiving their fair share of dollars going to Frankfort and Washington, Collins remarked. No do the two districts have their fair share of representation in congress and in the state legislature, he added.

Remarking about the state's plan to erect cabins without toilet facilities at Dewey Lake, Collins said that "we can have something besides outside toilets."

"We've been treated like second class citizens long enough," he said.

Meeting Is First Step

Collins said the men he has talked to believe the courthouse meeting should be the first step toward organizing a course of action.

Present thinking is that a large motorcade should be organized to go to Frankfort and demand action, Collins said. If state officials refuse help, then the new plans could be pushed for the new free and independent state of East Kentucky.

Letcher County residents pay more than

See HAZARD, P-3

14, Knott, Perry Students Award Degrees by U.K.

Fourteen Knott and Perry County students were among 435 students receiving degrees at the final summer commencement program at the University of Kentucky, Friday night.

Dr. Leo M. Chamberlain, vice-president of the University, delivered the commencement address. His subject was "Mind Thine Own Aim."

Honorary doctor of law degrees were awarded to the Most Rev. William T. Mulloy, bishop of Covington Diocese of the Catholic Church, the Rev. Bishop, William T. Watkins, of the Louisville Area of the Methodist Church, and Dr. Walter Pearson Kelley, of the University of California College of Agriculture.

Perry students: Ruby Allen, Ary, William Gay, Blue Diamond, and Don Hacker (formerly of Hazard, now of Danville), and Lora Heath, Hazard, all Masters of Arts in Education; Carolyn Turner, Hazard, Masters of Music; Marcia Burklow, Clarence Hurt, Jack Adams, Sophia Adams, Eleanor Brashear and Mabel Burklow, all of Hazard, bachelor degrees.

Knott students: James Stone, Larklane, Jeanette Stamper, Sassafra, and Mary Stewart, Garner, all bachelor degrees.

Coal Mine Jobs Decline In June

Employment in Kentucky's bituminous coal mines declined slightly in June from the previous month, according to the June report of the Department of Economic Security.

Excessive rainfall, flooding mines, is reportedly the cause for the decline in employment.

In May, 29,300 were employed in the mines; June employment showed employment at 28,490.

Employment for June of 1958 was 19.3 percent under the same month last year, when 35,200 were employed in Kentucky's bituminous coal industry.

Now In Hot Bed

In Turkey

ADANA, TURKEY, July 28 — Staff Sergeant Edward Wooton, son of Mr. and Mrs. Irvine M. Wooton, of Combs, and the husband of the former Miss Jacqueline Couch, also of Combs, is currently assigned with the Tactical Air Command's Composite Air Strike Force here.

Wooton's wing was alerted earlier this month and was combat ready in Turkey within 48 hours after the alert. Many aircraft in the force composed of F-100, RF-101, RB-66 and B-57 jets were ready for operations in the Middle East 20 hours after the Presidential decision to aid Lebanon. The decision was made at the request of a Democratic government seeking to preserve its independence.

Sgt. Wooton is an engine mechanic of a B-57 tactical bomber. His home station is Langley Air Force Base, Va., from which he departed secretly six hours after being alerted on July 15. During his tour here will serve under the command of Maj. Gen. Henry Viccillo, strike force commander for the Tactical Air Command.

Wooton is the father of two sons, Gary Edward, 2; and Michael, 1.

New Grocery Planned Here

A new supermarket will be opened here in early September. The grocery will occupy the entire ground floor of the new Baker Building on Lovern Street, across from the By-Pass Parking lot.

The firm, to be known as the "H & P. Super Market", will be owned and operated by Gene Helton, 29, and Bill Perry, 31, both presently employed by the Hazard A&P Store. Helton is store manager and Perry, a butcher for the A & P.

Both men have been associated with the A & P Tea Company for several years. Helton joined the company in 1943 and worked in Middletown and Barbourville before coming here as store manager on Sept. 1. Helton and his wife are members of the First Baptist Church; he is a member also of the Hazard Lions Club.

Native of Harlan

A native of Harlan County, Perry has been employed by A. & P. for the past eight years. He came to Hazard in 1951. He is married and the father of two children, Dale, 5, and David, 3.

In a joint announcement made Saturday, the two said the "supermarket" will be complete in every detail, and will include a self-service meat department.

2 Convicted In Police Court

George Hutchinson, 36, of Hazard, was fined \$100 in City Court, Saturday, on bootlegging charges.

Hutchinson was one of two persons arrested July 27 shortly after police confiscated 27 one-half pints of whiskey and two cans of beer from his car.

His accomplice, Luther Caudill, was given a \$100 fine and 6 months in jail by a jury Monday in Police Court.

Caudill was arrested on East Main Street Sunday afternoon by city police when several pints of whiskey were found beneath his shirt. He had been spotted earlier in the day in the vicinity of Hutchinson's car.

An inspection of the car turned up the whiskey and beer. Hutchinson was arrested Sunday night on the By-Pass.

Hit-'N-Run Being Probed

The County Sheriff's office and State Police are investigating a hit-and-run accident that Saturday night hospitalized Junior Cole, 30, address unknown.

Cole was admitted to the Mt. Mary Hospital for treatment. County Sheriff Paul Amis reported that Cole was walking along the roadside near the intersection of the Leatherwood Road and Ky. 7, when he was struck by the car at around 8 p.m. He was thrown into a ditch.

A woman who resides nearby heard the accident and came to Cole's aid.

State Police Probing Shooting Of Dozer Driver

State Police are combing Letcher County hills today in search of a third man suspected of ambushing a bulldozer driver with a high powered rifle Saturday.

Two men, Willard Brock and Morris Hoskins, are now in Perry County jail for safe keeping in connection with the shooting. They were arrested Saturday after George Bowling, about 30, was reportedly shot from a bulldozer he was operating near the Harlan County line.

State Police detective Orlester Mahoney is leading the manhunt for the third man supposedly involved in the ambush.

Pedestrian Killed When Hit By Car

William Campbell, 52, died yesterday of injuries received when he was struck by an automobile driven by Randy Perkins at Blue Diamond about 12:30 p.m.

He suffered a broken pelvis and other internal injuries when he reportedly was hit while standing on the highway. He was pronounced dead at Miner's Memorial Hospital at 5:10 p.m.

Survivors include his wife and their five children. Funeral services will be held Tuesday at the Blue Diamond Church of God.

Banquet To Honor 3 Hazard Athletes

Three Hazard athletes who are stars in college circles, will be honored here Aug. 16 with a banquet at the V.F.W. Club being sponsored by the Hazard Boosters Club.

The stars are Bob Lindon, co-captain of the University of Kentucky football team for 1958; Johnny Cox, U.K.'s hoop captain for the opening game this year and a strong contender for team captain; and Sammy Burklow, the University of Tennessee's place-kicking artist.

Guests for the banquet will include Adolph Rupp, U.K. hoop coach; Blanton Collier, U.K. football coach, and his staff, and possibly, Bowden Wyatt, head football coach, University of Tennessee.

Earl Ruby, Speaker

Principal speaker will be Earl Ruby, prize-winning sports columnist and sports editor of the Louisville Courier-Journal. So far as is known, Hazard is the first city in the State to have two hometown boys named captain of the two major sports at U.K. in the same year.

Lindon has played for the Wildcats for the past two years as running mate to Lou Michaels, an "everybody's" all-American. With any other player but Michaels on the opposite side, Lindon would have been in the limelight for post-season honors, himself.

As it is, he is now regarded as one of the most seasoned players Coach Collier will have this year, and could well end the season as one of the South-eastern Conference's outstanding stars.

Cox, Wildcat Forward

Cox is the unassuming Wildcat forward who, along with Vernon Hutton, since graduated, paced the Wildcats netters to an unexpected national crown last year by winning the N.C.A.A. tourney in Louisville.

Burklow is the owner of a talented toe which has provided the margin of victory for Tennessee teams in several games over the past two years. He has already had an \$8,000 contract dangled before his eye by a professional grid team.

All Three Seniors

All three players are seniors this year at the respective colleges, and earned their school-boys letters here under coaches: Goebel Ritter and Jim Caudill. Wednesday week's banquet was planned by Willie Dawahare, president of the Hazard Boosters Club.

Dawahare received word Saturday that Ruby would be here to speak.

Ruby is one of the nation's foremost sport columnist and his column, "Ruby's Report," read daily in the Louisville Courier-Journal, is a year-in and year-out prize winner in national competition.

Banquet Tickets

Tickets for the banquet go on sale tomorrow and may be purchased from any member of the Booster's Club, from Dawahare's Inc., and from the Hazard Herald. Only a limited number of tickets will be available for the banquet.

District Officers Attend Conference

Hazard District Officers of the Future Homemakers of America attended a three-day conference held at Hardinsburg, last week. The conference was for training district officers.

A special feature of the meeting was a "spot announcement" about who sponsors the F.H.A.

Earl Ruby Says of Hazard

Single Honor

Bill Dawahare and his Hazard Boosters Club are poppin' their buttons, and little wonder!

Two sons of this bustling mountain metropolis are to lead major athletic teams at the University of Kentucky this year. Bob Lindon, giant tackle, is co-captain of the Wildcat football team.

Johnny Cox is the only senior back with the N.C.A.A. championship basketball team. Coach Adolph Rupp has said he will name Cox captain for their opening game. . . . The veteran mentor had made a practice of picking his playing captains from game to game to avoid the possibility of having a captain cooling his heels on the bench. Then the boys elect an honorary leader at the close of the season. . . . Adolph says he will switch this season and let the boys vote after the first game or two.

To celebrate the reflected glory they are basking in, and to honor the boys who are doing so well at U.K., the Hazard Boosters Club will toss a big party on the night of August 13.

Uncle Adolph has promised to be there. Coach Blanton Collier and several of his assistant football coaches have circled the date on their calendar. . . . The boys have asked me to be their speaker. Nobody in his right mind would agree to follow Adolph on an after-dinner program. But to get a bid to a nice party like this a sports fan would do a lot of foolish things. . . . I accepted.

Friday Downpour Disrupts Town

A sudden cloudburst here Friday afternoon temporarily water service in parts of Hazard and left sections of Main Street flooded for approximately 30 minutes.

The rain, accompanied by high winds, started falling at 5 p.m. and left much of Main Street East Main flooded to depth of 4 inches. Water backed up into several East Main businesses.

City Manager Hobert Wooten reported that the water washed out a 4-inch main in Bluegrass Hollow and a small main Jack-leg Hollow. Service has since been restored in both areas.

Wooten said boulders "approximately two feet" in diameter were carried by water down a hollow leading from Peter's Peak and blocked a drain at the upper end of Moore Street. Water overflowing from the drain rushed into a residence on Moore. Also flooded from

a overflowing culvert on Liberty Street was the Electric Bakery.

The city manager said that some basements throughout the city were flooded.

The rainfall during some stages during the downpour limited visibility to 15 feet.

Wooten reported that city crews worked until late Friday night unstoping drains and all day Saturday to unstop sewers and drains.

Blaine Stidham, superintendent, Kentucky Power Co., reported only minor power failures resulted in power equipment. Power was temporarily disrupted around Combs, but was restored immediately.

Total rainfall for the month of July was 8.57 inches, possibly an all-time record.

Two Men Held For Indiana Police

State Police yesterday arrested two men at Jeff who are wanted by Indianapolis, Indiana police in connection with an Indiana murder.

Johnny Jones, 26, of Jeff, and Fred W. Jefferies, 27, Indianapolis, are now in Perry County jail awaiting the arrival of Indiana authorities.

Information regarding the murder was lacking by local police.

Former Resident Chosen From 1,000 For Important Job At Kaiser Plant

(Ed's Note: The following article is taken from a New Haven, V. Va., newspaper. It concerns the activities of Billy Ray Ward, son of Mr. and Mrs. Mark M. Ward, formerly of Hazard.)

Since Mid-April, Billy Ray Ward has become one of the most publicized members of the New Haven community. It started when he became the operator of the Kaiser "Hotline" at the Ravenswood Works. Billy Ray was chosen from over a thousand applicants to run the \$8,000,000 reduction mill that makes Kaiser a fully integrated ore-to-product plant.

Ward sits in an air-conditioned glass enclosed pulpit that overlooks the huge mill. The pulpit is complete with television monitors and mirrors to give Billy a complete picture of everything that is happening.

Billy must use both hands and both feet to control all the dials and levers that run the reversing mill. His manual dexterity is one of the reasons he was chosen for the job.

Billy came from Hazard in 1949 when he was 14. He graduated from Wahama High School in 1953, and then attended the

University of West Virginia for one year as a pre-dental student. In December of 1954 Billy started to work for the Indiana-Kentucky Electric Corp. as assistant control operator. He worked for the company which is affiliated with the Atomic Energy Commission, until Dec. 1956.

The young operator started work for Kaiser as a laborer in Dec. 1956, and applied for and got the "Hotline" job in Mid-April, 1958. Ward's publicity has reached as far as the New York Times which ran a picture and story about him. The Times said he was an ex-farm boy, but Billy says he knows nothing about farms.

On his off time, Billy has a five piece band named the Twi-Lites, which plays at dances and night clubs around the area. They play at the Merry-Go-Round in Gallipolis, and at the Green Room in Charleston.

Billy who is also treasurer of the United Steel Workers Local of Kaiser, and was re-elected this month for his second term.

He is the son of Mr. and Mrs. Mark M. Ward of New Haven.

R. G. EVERSOLE, Secretary & treasurer,
Hazard Board of Education.

Subscribed in my presence and sworn to before me, this 29th day of July, 1958.

JESSIE HORN, Clerk,
Perry County, Kentucky.

(SEAL)

Perry in Detroit...

by Rev. Byrd Adams

Facing plans for the Kentucky Reunion are more problems than a cage full of monkeys can shake a stick at. Nevertheless, we expect a great day. We can't expect every one to be on our side when we try to do something positive. Some of our strongest critics are certain church people who want nothing to do with anything that isn't directly connected with their denomination.

Too many Christians are isolated through false attitudes from their fellow mortals. The most important thing in life facing every living person is his spiritual welfare. If these isolationists Christians really had the spiritual needs of the world at heart they would seek every means of living close to and understanding the problems of their fellow men. The only theology the world will ever come to understand is that of those unselfish Christians who can be in the world without being of the world. Christ mingled with these masses. He went where people was. As Christ himself said "For I am not come to call the righteous but sinners to repentance."

Anytime you try to do something you feel is right; anytime you feel the Lord is directing you into some endeavor; anytime you plan something positive, do not be discouraged if some highly respected friend or friends try to throw cold water on your efforts. After all, they are not the ones who have the vision. So, look at all the angles prayerfully and follow the Biblical admonition, "whatsoever thy hand findeth to do do it with thy might."

Homer Taulbee, formerly of Bluckey, recently called about the reunion. Mr. Taulbee, who is 60, works 7 days a week at a tobacco company on Scotten Ave. He lives at 8849 Olivet Detroit. He has a large family now scattered all over the United States.

Kelly Caudill invited Jim Hogg to a recent committee meeting of Kentuckians at the home of Sam Combs, formerly of Sassafras, Ky. Jim's answer, as reported by Kelly was: "Tell Byrd I'm sorry I can't make it. I've only cleaned about 25 of these fish I caught and have about 50 more to clean."

I'll have to report this to Roscoe Davis Hazard Herald's hunting and fishing sport column.

Anniversary... by

A glowing band of gold enriches this beautiful handblown crystal. If this pattern is a bride's choice, and it may well be, she'll find it just as lovely on her golden wedding anniversary as it is today. You'll agree it makes a perfect gift for a bride to be or a bride of any years. See it today—it's in our collection.

Franklin D. Bush by guardian James Bush vs. Blue Diamond Coal Co. and Kentucky Power Co., for \$26,750 claimed due as result of injuries suffered by Franklin D. Bush a minor.

Lee's Adds New Course For Fall

According to Dean Frazier B. Adams, courses in home economics, commercial law, and agriculture will be added to the curriculum at Lee's this fall.

Mrs. J. W. Poe will teach food preparation and garment making. Mr. William P. Bach local attorney, will teach commercial law. Charles Derrickson, Superintendent of Quicksand Experiment Substation, will teach a course in farm livestock production.

Courses in agriculture and home economics have been approved by the University of Kentucky and students taking these courses at Lees may transfer credits without fear of repeating them at the University.

Mrs. I. K. Miller, who is now enrolled at the University of Kentucky in graduate study, will teach commerce.

Notice To The Public

In re: Public Service Commission Case No. 3520

Notice is hereby given that the General Telephone Company of Kentucky with its principal offices at Lexington, Kentucky, did on the 8th day of July, 1958, file with the Public Service Commission of Kentucky, Frankfort, Kentucky, an application for a Certificate of Convenience and Necessity to convert their exchange at Hazard, Kentucky from common battery to dial operation during February 1959. If, and when, such Certificate is issued and upon such conversion the Company will charge the following rates or such rates as may be finally prescribed by the Public Service Commission in Case No. 3499.

Within the local base rate area the following rates apply:

Class of Service

Business Service	
Individual	\$10.25
Two-Party	9.50
Residence Service	
Individual	5.70
Two-Party	5.00
*Five-Party	3.80

The above classes of service are also furnished outside the local base rate area the same rate shown above for the same classification plus mileage charges in accordance with the schedule of mileage charges.

Outside the local base area and within the exchange area the following rate apply:

Business Multi-Party	\$7.00
Residence Multi-Party	4.00

Throughout the exchange area the following rates apply:

Business Extension	\$1.85
Residence Extension	1.25

*Temporary rate. This service to be discontinued as soon as other facilities are available.

A hearing on said proposed conversion will be held in the offices of the Public Service Commission, at Frankfort, Kentucky on the 25th day of August, 1958, at 8:00 A.M. Central Standard Time (9:00 A.M. Central Daylight Time).

Lonesome Pine Council Launches Plans For Scout Fund Campaign

Plans have been launched for the fall fund raising campaign of the Lonesome Pine Council, Boy Scouts of America.

The goal of the campaign is \$60,326.51. The amount equals a tentative council budget for 1959.

W. J. Baird, of Pikeville, is chairman of the fall fund raising drive which will begin in October.

SEE THE HERALD FOR YOUR NEXT ORDER OF PRINTING!

Our job printing department is just as near you as your telephone. Pick up your phone and call 414. If we do not have a sample of the printing you desire, we will send a representative to your place of business, give you a price on the work, and we promise to complete and deliver the job faster than any mail order house can ever hope to do. Keep your printing at home by having your printing done at THE HAZARD HERALD! Phone 414 for all your printing needs. rtc.

The council includes the Kentucky counties of Pike, Floyd, Breathitt, Johnson, Knott, Leslie, Martin, Magoffin, Letcher and Perry, and the Virginia counties of Buchanan, Dickinson, Lee, Russell and Wise.

Baird discussed the fund raising plans Friday night at Hazard during a banquet honoring the council's "One Hundred Club," members of which donate \$100 each year to the Lonesome Pine Council.

Specific explanations of work to be done were explained by members of the council steering committee. Committee members are B. F. Reed, of Drift; H. O. Zimmerman, of Wheelwright; Jack Branham, Jr., of Betsy Layne; J. H. Mosgrove, of Pikeville; G. W. Lockin, of Wheelwright; Brandt Mullins of Pikeville, and H. L. Stewart, of Andover, Va.

Fund campaign leaders will be recruited by Aug. 15, on a district level. Those selected in turn will recruit additional help

in the various districts by Sept. 1st. train workers on a district basis between Sept. 10 and 25 at six strategic places throughout the council with one training session for each district.

During the banquet, held at La Citadelle, H. O. Zimmerman, One Hundred Club chairman, presented certificates and statuettes to 26 members who had not previously received such awards.

B. F. Reed was master of ceremonies, and greetings were extended by Walter P. Walters, of Pikeville, council president, Robert Hensley, of Louisville, chairman of the state fund campaign for the Boy Scouts of America, addressed the group.

2 County 4-H Champions Serving On Forestry Project

NOBLE, KY. — How many board feet of lumber can a sawmill get from a sound and straight log 28 inches in diameter and 12 feet long?

This problem and many others relating to woodland management, protection and utilization will be tackled this week as Victor Craft of Viper and Mitchell Walker of Dwarf attend the 4th Annual 4-H Forestry Camp at the University of Kentucky's Robinson Forest with 27 other boys and girls.

Victor and Mitchell are county champions in 4-H forestry projects and won their scholarships to the camp over all other 4-H club members who completed a forestry project last year. They are studying forestry subjects like tree identification, planting, measurement of both logs and standing timber, fire protection, har-

esting and sawmilling.

Camp Director James A. Newman, State Extension Forester, has called upon the University of Kentucky, the U. S. Forest Service, the Kentucky Division of Forestry (including District Forester Walter Green of Hazard) and a number of wood-industry representatives for the teaching and camping staff.

The 4-H Camp is financed by wood-using industries of the state through the Kentucky Forest Industries Committee to promote interest in forest conservation by 4-H club boys and girls.

Incidentally, Victor and Mitchell found that a sound and solid log 28 inches in diameter and 12 feet long will produce about 440 board feet of lumber when sawn.

Help Me, Lord

by Mrs. Rebecca Jones
Dongola, Ky.

Life has been so filled with care,
Thorns scattered all the way,
The prayer that is ever in my heart,
Is, "help me Lord, I pray."

Help me Lord, do help me,
Hear me when I pray,
Guide my weary, trembling feet,
Along life's rugged way.

I need God always near I know,
The way is dark and lone,
I keep saying, "Help Me, Lord,
And guide me safely home."

Some day dark clouds will pass away,
Someday I will pray no more,
Some wonderful longed-for day,
Life's trials will be over.

Life's rugged road will end at last,
Help me Lord, I pray,
To keep holding to Your Hand,
Till the ending of life's way.

Help me, Lord, I am so tired,
The way is so rough and long,
I am weary and I want to rest
Where heartaches cannot come.

At the ending of this rugged way,
He will know I have done my best,
Heartache will be left behind,
He will give me peace, and rest.

He knows the rugged way I come,
He knows my prayers and tears,
He knows the trials I have faced,
Through many weary years.

He has prepared a home for me,
Where trials all are o'er
Where there is no pain nor fear,
Where heartache is no more.

He guides my feet along the way
That He would have me go,
I will keep holding to His hand,
Till I reach a peaceful shore.

N.C.A. Pleads For Coal Boilers

The National Coal Association said today an apparently coordinated effort to convert most government boiler rooms from coal to other fuels is based on exaggerated cost figures and "just is not good sense."

NCA, joined by United Mine Workers of America and leading members of Congress, has protested some of these conver-

sion attempts to high Army officials. It has won permission to make an on-the-site engineering study of one proposed conversion at Fort Eustis, Va., to produce authentic cost figures.

Tom Pickett, executive vice president of NCA, said the coal industry "observes a widespread and apparently coordinated movement to convert coal-fired boiler rooms under government control to oil or natural gas."

Move Disturbs Industry

"To justify such a change, which in most cases is contrary to both economy and logic, completely unrealistic figures often are submitted for labor, maintenance and other other costs of operating coal-fired boilers as compared with other fuels," Mr. Pickett said. "These figures, particularly sums charged to the labor costs, are frequently far out of line with experience of private industry."

"This move naturally disturbs us, for it threatens an important market for coal. But still more disturbing—if the government's figures are accurate—is the appalling inefficiency and waste of manpower in the operation of government boiler rooms. The cure is not another fuel, but better operating procedures and effective supervision."

"Proposals to abandon the economical, efficient use of coal ignore the fact that competing fuels will almost certainly be scarce in national emergencies," Mr. Pickett continued. "In two world wars, coal has been the only fuel in ample supply for all emergencies. It just is not good sense to substitute an unreliable fuel for coal in government installations which are important now and may be absolutely vital in emergency."

Conferences Requested
NCA has requested more conferences with top-level government officials to point out the economies of coal burned in modern efficient equipment and the need to maintain a fuel supply for government installations which would not be cut off by shortages or blockade in time of national emergency.

Since the greatest number of the proposed conversions involves Army installations, Mr. Pickett and Glynn L. Coryell, NCA director of engineering have carried the coal industry's fight to Assistant Army Secretaries Frank H. Higgins and Dewey Short. The Army officials promised them further opportunity to present coal's case to persons who set policy on the choice of fuels at government installations.

WHEN'S THE TIME TO BUY A CAR?

"WHEN I CAN AFFORD IT?"
Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced* of the best-selling three!

"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS?"
Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

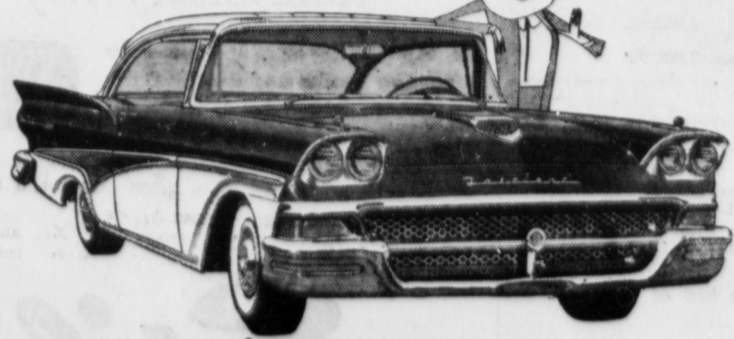

"WHEN THE OLD CAR'S HAD IT?"
But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 56 Ford!

"WHEN MY PRESENT CAR IS WORTH MORE?"
Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced* of the best-selling three! Why not join him at your Ford Dealers?

Miss Adams, Mr. Combs Exchange Vows In Ceremony In Tennessee

The marriage of Miss Harriette Adams and Nin Colon Combs was solemnized at 2 o'clock Sunday afternoon, July 20th, at the home of Mr. and Mrs. John G. Snead in LaFollette, Tenn.

The Rev. John H. Thompson, Jr., pastor of the Presbyterian Church of LaFollette officiated at the double-ring ceremony which took place before a background of plant daisies, fern and lighted white tapers in candelabra entwined with ivy.

A program of nuptial music was presented by Michael Campbell of Wallalla, S. C. The bride, given in marriage by John G. Snead, wore a waltz length gown of baby blue organza fashioned with basque bodice trimmed in lace and satin ribbon. The full skirt was designed with inverted pleats. Her hat was of matching velvet with brief veil, and she wore a white orchid corsage.

Mrs. Jack Caudill, matron of honor wore a waltz length pink organza dress made identical to that of the brides. Her accessories were pink and her flowers pink rosebuds.

Mr. Jack Caudill served as best man. Immediately following the ceremony a reception was held. The bride's table covered with an imported linen cloth held a three wedding cake topped with miniature bride and bridegroom. White pompons and lighted tapers completed the arrangements. At the serving table were Mrs. Mildred

Mr., Mrs. Combs Honored With China Shower

Mr. and Mrs. Nin Combs whose marriage took place on July 20th were guests of honor at a china shower given by the residents of the Mazer Apartments on Tuesday evening at the apartment of Mr. and Mrs. Jack Caudill.

Attending were Miss Lottie Haydon, Miss Dicy Callahan, Mrs. Martha Hardy, Mr. and Mrs. Foster Berry, Mr. and Mrs. C. B. Caudill, Mr. and Mrs. B. Rogers, Mrs. W. H. Cornett, Mr. C. M. Merrill and Mr. and Mrs. Caudill.

Fidelis Class Meets With Mrs. Hacker

The Fidelis Sunday School Class of the First Baptist Church met at the home of Mrs. E. W. Hacker in Walkertown on Thursday evening for a pot-luck dinner.

Members present were Mrs. Harvey Lusk, Mrs. George Steele, Mrs. Ralph Peters, Mrs. Clayborne Dix, Mrs. Charles Luttrell, Jr., Mrs. Alex Strong, Mrs. Raymond Lineville, Mrs. William Melton, Mrs. Robert Heath, Mrs. Ralph Miniard, Mrs. Asa Ferguson, Mrs. Grace Cook, Mrs. Melvin Clutts, Mrs. Walter Ihrig, Mrs. Jesse Kidd, Mrs. Rod Deaton, Mrs. Clay Campbell, Mrs. Joe W. Hacker, Misses Laura Lee and Beck Hacker and Mrs. Luther Akemon.

Guest of Grandparents

Master David Wilson of Berea is the guest of his grandparents, Mr. and Mrs. W. G. Beaven.

W'town H.M. Make Trays At Meeting

The Walkertown Homemakers met at the home of Mrs. Virginia Luttrell on July 11th for a pot-luck dinner and workshop. During the meeting 28 medal trays and 8 wooden ones were made. During the business session presided over by Mrs. Luttrell, the following officers were elected for the coming year. President, Mrs. J. W. Jarrell, Vice-President, Mrs. Raymond Roberson, Secretary and Treasurer, Mrs. Lois Brashear. Project leaders for the ensuing year are Mrs. Virginia Luttrell and Mrs. Conda Gross.

Members present were Mrs. J. W. Jarrell, Mrs. Raymond Roberson, Mrs. Lois Brashear, Mrs. Virginia Luttrell, Mrs. Conda Gross, Mrs. G. D. Brashear, Mrs. John Calitri, Mrs. Herbert Haynes and Mrs. C. B. Feltner. Mrs. Clay Campbell, Mrs. Edward White, Mrs. Ralph Miniard, Jr., Mrs. Joe Feltner, Mrs. and Mrs. Corbett Brown were visitors.

Miss Parker - Mr. Begley Wed In Ceremony At First Presbyterian

Miss Jenna Anna Parker, daughter of Mr. and Mrs. Gene E. Parker, became the bride of William Gladstone Begley, son of Dr. and Mrs. E. E. Begley, in a ceremony performed at 4:00 o'clock Saturday afternoon at the First Presbyterian Church in Hazard. The Rev. Winn T. Barr officiated, assisted by The Rev. Ernest Stricklin.

Wrought iron baskets filled with blue delphinium, white calladium, and white daisy poms decorated the chancel. Organ music was played by Mrs. Joan Copeland, and the vocalist was Mr. W. P. Morton.

The bride, escorted to the altar by her father, wore a gown of petal white embroidered organza, designed with a long stemmed pointed bodice, val lace edged satin ribbon outlined the oral neckline forming a bow, and deep V in back. Lace edged satin, detailed with tiny buttons fashioned the front of the court train. Her pearl embroidered contour cap held the tiered illusion veil. She carried a shower bouquet of white sweetheart roses, and blue delphinium.

Mrs. Larry Jack Scott of Louisville, sister of the bride was the matron of honor. She wore a waltz-length frock of white organza over baby blue taffeta. The scoop neck and cap sleeves were edged with val lace. She wore a picture hat of matching organza and taffeta, and carried a ring of blue delphinium, pink sweetheart roses, daisies, and yellow statice. The bridesmaids, in identical costumes of varying shades of blue, were Miss Martha Moore, and Miss Nancy Blakey of Louisville; Miss Hallie Jean Begley of Hazard, sister of the bridegroom, and Miss Kitty King of Glasgow. They carried rings of assorted flowers. Mistress Mary Jayne Burnett of Hazard, cousin of the bridegroom was the flower girl. She was dressed in organza over baby blue, with a peter pan collar and puff sleeves edged in

DUNRAVEN

Gibsons Return To Dunraven

Chester Wooten

Mr. and Mrs. Ray Gibson have moved back to Dunraven from Busy.

Miss Rughuene Campbell is visiting Mr. and Mrs. Nathan Combs.

Mr. and Mrs. Oakley Campbell are visiting Mr. and Mrs. Ellen Campbell.

Mr. and Mrs. Edd Collins of Hyden have been visiting his cousin, Mr. and Mrs. Morgan Campbell of Napfor.

Mr. W. S. Napier has returned home from the Army.

D. of A. Meets

District No. 10 Daughters of America Deputies Association met at the home of Mrs. Ocie Wilmoth, July 24th at 7:00 p.m. for their regular meeting.

Those attending were: Mrs. Dorothy Perkins, Mrs. Jessie Fortney Gladys Morgan, Geneva Stewart, Cassie Newsome, Bertha Kelly, Margaret Baker, Zola Davidson Eva Thorpe, Mrs. Floyd Hall, Ora Campbell, Earl Maggard and Margaret Mitchell.

Among other business discussed was District No. 10 rally which will be held in the Masonic Hall, August 29th. The banquet will be held at the new La Citadelle resort motel and arrangements have been made for delegates to attend. The school of instruction was held in the Phoenix Hotel, August 2nd. Delicious refreshments were served and an enjoyable evening was voiced by all who attended.

District Meeting

Ben F. Lutes, of Hazard, Lions Club deputy district governor, and Harold McIntosh, of Whitesburg, zone chairman, attended a Lions District cabinet meeting held in Corbin last week.

The meeting was called by Lions District Governor Eldon Davidson.

O.E.S. To Honor Mrs. Combs, E'sole

Elizabeth Chapter, No. 145, Order of the Eastern Star will entertain with a party honoring Mrs. Pearl Combs, Deputy Grand Matron and Mr. Joe L. Eversole, Deputy Grand Patron, District No. 6, Order of the Eastern Star, on Friday, Aug. 8th, in the Masonic Temple Building on Main Street.

A covered dish dinner will be served at 6:30, followed by Bingo. All Chapters in the District have been invited as well as members of Chapters in the adjoining District. Members of the local Elizabeth Chapter are urged to come, bring a covered dish and join in the fun honoring the members of our Chapter.

Mrs. Hancock Named Bond CoChairman

Mr. Edward H. Hilliard, Louisville, State Volunteer Chairman of the U. S. Savings Bonds Committee in Kentucky, today announced the appointment of Mrs. Irene Hancock as Co-Chairman of the Perry County Savings Bonds Committee. She will assist with the promotion of U. S. Savings Bonds among the

women of her county. Mrs. Hancock will be working with Mr. Everett H. McGuire, who has been the Chairman for Perry County since 1950.

Her activities will include working with the schools on the Savings Stamp Program, as well as with the women's clubs.

Dog Fight Causes Broken Toe

Clara G. Kelly

Mr. and Mrs. Kelly Fields and family of Walkertown visited Mr. and Mrs. att Couch, Sunday.

Broken Toe

Little Jimmie Lou Kelly has a broken toe as a result of a dog fight. It seems that Chippy her dog and another dog were into a big fight and Jimmie Lou went to investigate and evidently got so excited that she jumped up on the Barbecue pit and pulled a concrete block off on her toe. It's awfully painful yet but don't imagine she'll be investigating any more dog fights for a while.

Mr. and Mrs. Glenn Logan and daughter of Point Pleasant, W. Va., have returned to their home after a few days visit with her parents, Mr. and Mrs. J. E. Combs.

Miss Janet Campbell visited her cousin, Miss Patty Sizemore of Confluence, Ky., this week.

Mr. and Mrs. Andrew Hampton have as their guests, their daughter, Mrs. Wallace Combs and family of Hamilton, Ohio.

Mr. and Mrs. Coda and family of Hamilton, Ohio are visiting Mr. and Mrs. John Coda.

Glad to hear that Hubert Spencer is improving at a Lexington Hospital. He should get to come home in a week or so.

Mr. and Mrs. George E. Nickell and son of Valdosta, Ga., have returned home after spending a two-weeks vacation with their parents, Mr. and Mrs. George Nickell.

Here For Wedding

Miss Betty Watts and Mr. Henry Watts, of Cincinnati, arrived Friday afternoon for a visit with friends and to attend the Parker-Begley wedding.

Funeral Held For Mrs. Hampton

Mrs. Betty Hampton, 74, died July 31st at 5 p.m. She was born in Letcher County but was at the home of a brother at the time of death.

She is survived by two brothers, Josh Caudill, Elliston; and Matt Caudill of Jeff. One sister, Mrs. Pollyann Logan of Jewell Valley, Va.

Funeral was yesterday at 10 a.m. at the Ira Combs Memorial Church at Jeff with the Rev. Sam Combs and Jerry Wells officiating. Burial was in the Audley Cornett Cemetery at Cornettsville.

The Brashear Funeral Home was in charge of arrangements.

Infantry Unit To Hold Meeting

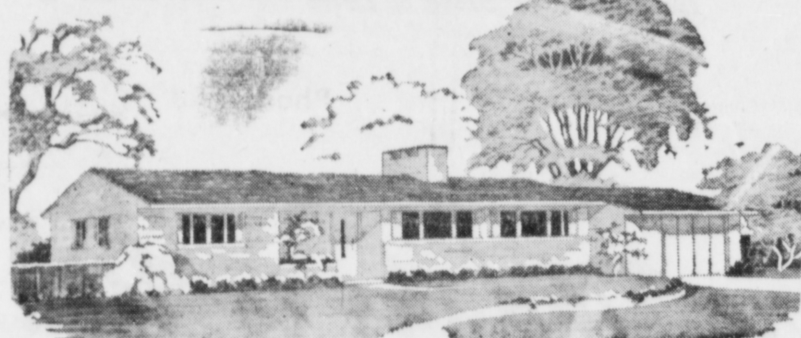

A re-union of the 95th Infantry Division Association is scheduled to be held at the Nether-ton-Hilton Hotel in Cincinnati, August 15-17, Alex McIntyre announced.

The 95th Division was composed of men from Mid-Western United States, and Mr. McIntyre said there should be several men in this area interested in attending the meeting.

West Honored By Department

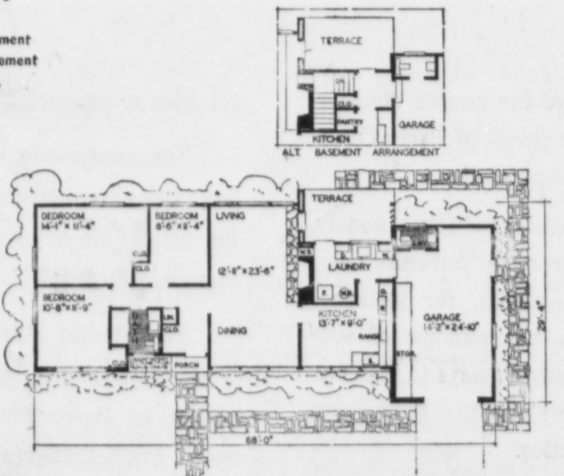

Mr. Omar J. West, district engineer, Pikeville, State Highway Department, was one of 343 employees honored last week by the department. West received a 25-year service pin.

Parade of Homes

DESIGN H-530

1,203 Sq. Ft.
13,337 Cu. Ft. no Basement
17,382 Cu. Ft. with Basement
Garage 373 Sq. Ft.

Modern Ranch Appears Larger

A modern ranch that appears larger than its actual size. This rambling design with recessed entrance, planter box, attached garage and harmonious ledge stone treatment affords a setting for planting that truly makes it an integral part of the site.

This plan is ideal for a family who desires compactness and an atmosphere of formality but who find some entertaining and important part of routine activities.

The living-dining room, for instance, is carefully screened from the front and side entrance. On the other hand, when entertaining, this area extending from front to back is easily appropriate. For additional space during the warm months, the adjoining terrace can be used.

A fireplace of course, is a must to round out the idea of family living. It also serves to identify the living room from the dining area in the absence of room partitions.

On one side of the living-dining area is the homemaker's work area. On the other, zoned away from daytime activities

are the home's three bedrooms and bath.

Plenty of closet space has been thoughtfully provided for all the bedrooms and high windows facilitates furniture placement. Two of the three bedrooms carry master-size dimensions. The other can be used as a third bedroom. I also makes an ideal den for the master of the house.

The homemaker's domain includes the kitchen with its highly efficient "L" design and an adjacent utility area.

Facing the front and with a nearby side entrance plus another opening onto the terrace, the kitchen is the home's pivot

point. From this vantage spot, the homemaker can command any and all indoor and outside activities.

The garage is merely an extension of the interior. It features a work bench and the extra lavatory in the rear. Two sets of windows add to this area's atmosphere of still being inside.

This plan conforms to general FHA, VA and Building Code requirements. The plan contains 1,203 sq. ft., 13,337 cu. ft. without basement, 17,382 cu. ft. with basement and 373 sq. ft. for the garage. Your builder or material supplier can give you the average cost per square or cubic foot in your area.

Check item desired:

I want a Home Plan Book. Enclosed is 60c in coin.

I want sets of Plan No. with Specification Guide and Material List.

Price: \$9.75 each or \$34.75 for 4 identical sets.

TOTAL COST: \$. . .

Send order with payment to: HOMOGRAF Home Plan Dept. of The Hazard Herald Warren, Mich.

Mr. and Mrs. Robert Lutes, of Lexington, have been the guests of their parents, Mr. and Mrs. Ben F. Lutes.

Mr. M. W. Ritchie, Jr., left this morning for Wilmington, Del., on a business trip.

Mr. and Mrs. Rudolph Lottes and daughter, of Ripley, W. Va., and Mr. and Mrs. Newell Bolton and family, of South Charleston, W. Va., are the guests of their parents, Mr. and Mrs. Fred Cornett. Mr. and Mrs. Bolton are also visiting his parents, Mr. and Mrs. L. E. Bolton.

Mr. and Mrs. T. K. Kline have returned from Camp Daniel Boone and are visiting her mother, Mrs. T. D. Draughn and Mr. Draughn.

Mrs. Roscoe Davis has resumed her duties at the Peoples Bank after an extended illness.

Miss Linda Caudill has returned to her home in Louisville after a visit with Mrs. Duard Hancock and Miss Sydney Hancock.

Stout-Ewald Vows Exchanged

The First Presbyterian Church in Ripley, Ohio, was the scene on June 21st, at 3:30 o'clock of the wedding of Miss Patricia Jean Stout, daughter of Mr. and Mrs. Thomas E. Stout of Higginsport, Ohio, and Frank J. Ewald, son of Mr. and Mrs. Joseph Carroll Ewald of Blue Ash, Ohio.

The Rev. John Hunt officiated at the double-ring ceremony before a background of baskets of white lillies, pompons and emerald ferns and lighted white tapers in wrought iron candelabra.

A program of nuptial music was presented by Mrs. Marjorie Finney, organist.

The bride, given in marriage by her father wore a gown of white imported lace, fashioned with fitted bodice, scalloped neckline and long tight pointed sleeves. The skirt was scalloped and was of intermission length. Her fingertip veil of illusion was held by a Juliet cap of matching lace and seed pearls. She wore a single strand of pearls, a gift from the groom. She carried a white Eastern Star Bible topped with a white orchid.

Mr. William Kenton Stout, sister-in-law of the bride was the matron of honor. She wore a street length gown of blue organza and carried a colonial bouquet of pink carnations.

Miss Elaine Stout, sister of the bride was Junior bridesmaid and was dressed identical to that of the matron of honor and carried a bouquet of pink carnations.

The guests were seated by Phillip Skinkle and Robert Hiler, both of Higginsport, Ohio.

A reception was held immediately following the ceremony in the Church parlor. The bride's table covered with a white linen cloth held a three-tiered wedding cake topped with miniature bride and bridegroom and was surrounded by a chain of pink rosebuds and ivy, with lighted pink tapers in silver candelabra.

Mr. and Mrs. Ewald will make their home in Cincinnati, Ohio. Mrs. Ewald is the niece of Mrs. Gene H. Combs of Hazard, and the granddaughter of Mr. and Mrs. S. K. Hill of Typo and Mrs. Rebecca Stout of Glomawr.

Honestly We're Proud

We hope you'll excuse us while we momentarily "toot our own horn."

But, honestly, we here at the Herald are rather proud of the two honors which have come our direction within as many months.

In June, there was the Kentucky Press Association "Award of Merit" acknowledging a feature story in the Hazard Herald as the best published in a weekly or semi-weekly newspaper in Kentucky for 1958. That was a big moment for all of us!

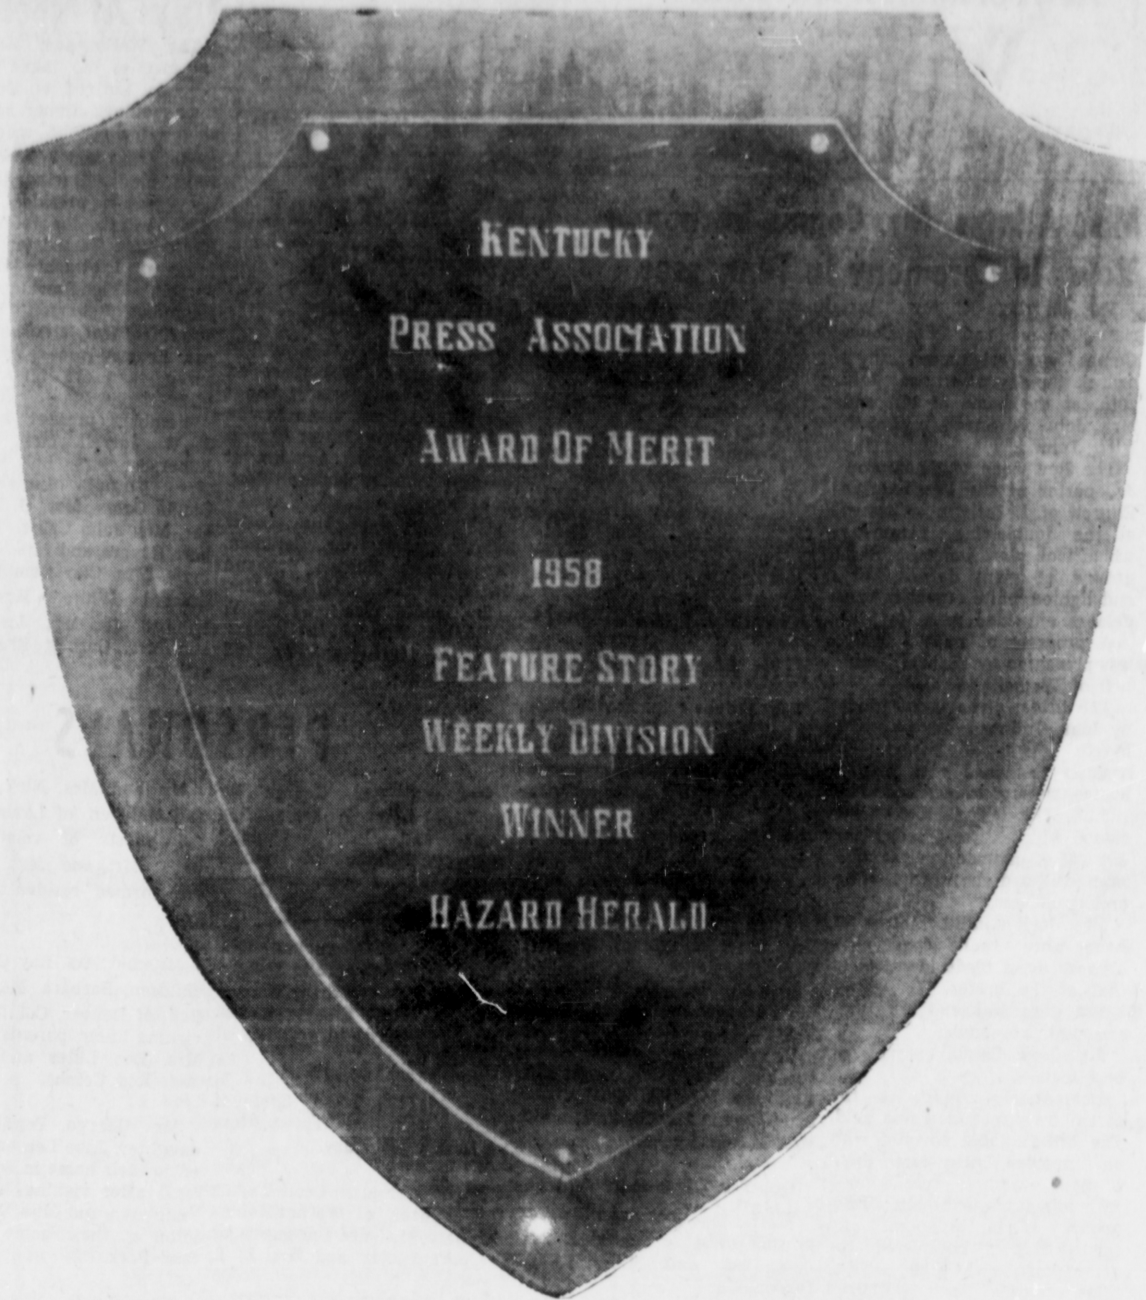

In July, the Publisher's Auxiliary, the most widely read trade publication in the newspaper field in the United States, looked towards Eastern Kentucky and in a special feature article on their front page, tossed bouquet after bouquet at the Herald's Editorial Page. In sum-

ming up their article, the Publisher's Auxiliary wrote of this page:

"A page that would rate superior by any criterion."

Believe us, it takes something "extra-special" to get the Auxiliary to recognize your work.

Yes, we're proud—But not so proud that we don't realize we still have a long road ahead. Are we satisfied with our product, the Hazard Herald, as it now is? Frankly, no, we're the first to admit that we have certain shortcomings, which have to be remedied. But the important fact is, we're working on them and given the time and support from the people of Perry County that we have had these past two years, we'll get where we're going.

Best Feature Story of 1958

the Publisher's Auxiliary said

"A page that would rate superior by any criterion"

EDITORIAL

Ours Not to Do or Die; Ours But to Drive and Cry

We're the first to admit that the severe winter could be a disaster to our roads, but we're now wondering how long it will be before the county and state roads will be repaired. The hazardous road, the only artery from that rich mining community into Hazard, is in a critical condition. For those with short memories, the Leitchwood road was paved only last October. KY-11 between Hazard and Whitesburg is now in for a similar fate. Chances are, the surface of the road, making it impassable. From remarks made The Herald by our rural correspondents, it would appear that county roads are also in bad need of repair.

Fortunately there are complaints of business conditions here. It could well be true that our rural residents are not

Hazard Archer Brings Down First Bear Killed By Bow in Alaska

(By a Note: The following article comes from the Fairbanks Alaska News Miner. It tells the story of Dick McIntyre, a former Hazard resident, who recently killed the first polar bear in Alaska with a bow and arrow.)

The first polar bear killed in Alaska by archers were the targets of George Thiele of Ft. Barrow and Dick McIntyre of Fairbanks, according to reports of local hunters and bowmen. Thiele's bear, a nine footer, was slain in March and McIntyre's was a ten footer, slain in April. McIntyre, a former Hazard resident, was in Alaska on a hunting trip. He was with a group of hunters and bowmen. He was the only one who was able to kill a bear with a bow and arrow. He was the first to do so in Alaska.

Skull Measures 27 1/2 inches

When skinned out, McIntyre's bear measured 10 feet, 1 inch. The skull measured 27 1/2 inches and may be the world record for a polar bear skull. McIntyre said that the world record for a polar bear skull is 28 inches. McIntyre's skull was 27 1/2 inches. McIntyre's bear was a male. It was about 10 years old. It was a very good specimen. McIntyre was very lucky to get it. He was the first to do so in Alaska.

Local Bowmen

Believe it or not, there are some of you who are still using bows and arrows to hunt. McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

Complete Are Many

There are many more bows and arrows than there are hunters. McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

Progs. Also Stakes

There are many more bows and arrows than there are hunters. McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

As He Aims His Bow and Lays Down

As he aims his bow and lays down, McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

55 Pound Mammal Bow Used

McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

When the Bear Is Hit, He Is Killed

When the bear is hit, he is killed. McIntyre said that he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

McIntyre Said He Was the First to Do So in Alaska

McIntyre said he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

McIntyre Said He Was the First to Do So in Alaska

McIntyre said he was the first to do so in Alaska. He was the first to kill a bear with a bow and arrow. He was the first to do so in Alaska.

Sincere Thanks to You

We're proud of the honors. And we hope that you, the people of Perry County, share in our happiness.

Because without you, these honors would have never come our direction. Take our correspondents, for instance. They've given us any number of outstanding suggestions on ways to improve the Herald. And we've put a good many of them into practice.

Then there was the man in Ohio who wrote and asked that we departmentalize our deaths. We've had some success on this suggestion, and are still working on it. Then there was the serviceman who said: "Why don't you keep your service news together." His idea made sense; therefore, "Service Notes."

And another suggestion: "Run the editorial page once a week and give us a good one." That was a good idea, and from all the phone calls we get on our editorials, we would have to admit that

the idea is paying off.

The improvements on our classified page came from customers. And it's paying off for us in more readership, and improved business.

The Herald doesn't belong to us. This newspaper is the property of the people of Perry County. It's here to speak your thoughts and to fight for what you want and believe is right. Long after we're dead and gone, the Herald will be searching for truth for future generations and striving to make Perry County and Eastern Kentucky a better place to live.

So while we're proud of ourselves, we're also proud of you—because you've helped make the Herald the paper that it is—a county newspaper, not the best but aiming for that, serving the people of Perry County, to our way of thinking the grandest people in the entire world.

The Hazard Herald

Chamber's Chairman Announced By Pres. Ky. Chamber of Commerce

Kentucky business leaders who will guide the State Chamber's activities for the next year were announced today by Maurice K. Henry, Middlesboro, President of the Kentucky Chamber of Commerce.

These leaders will chairmen the Kentucky Chamber of Commerce's eighteen committees, Henry said, and have been asked to serve until July, 1959.

"Through these committees we plan one of the most aggressive programs in the history of the State Chamber. In this day of realistic competition from other areas in our fight for economic development, we must collect brain power from all members if we are to make the total effort necessary to continue to climb the economic ladder."

The chairmen representing some 300 committeemen are:

AGRICULTURE COMMITTEE, Barney A. Tucker, Vice President, Knoxville Fertilizer Company, London.

AREA DEVELOPMENT COUNCIL, Floyd I. Fairman, President, Kentucky Utilities Company, Lexington.

BETTER ROADS COMMITTEE, J. J. Farra, District Engineer, Portland Cement Association, Louisville.

BUSINESS CLIMATE COMMITTEE, Lester A. Means, Manager of Relations and Utilities, General Electric Company, Louisville.

COMMUNITY DEVELOPMENT COMMITTEE, Harry Huebner, Jr., President General Telephone Company, Lexington.

CONSTITUTION COMMITTEE

—B. J. Lenihan, President, Time Finance Company, Louisville.

EDUCATION COMMITTEE, John T. Acree, President, Lincoln Income Life Insurance Co., Louisville.

EXECUTIVE COMMITTEE, E. R. Mitchell, Manager, Union Light, Heat and Power Company, Covington.

HIGHWAY SAFETY COMMITTEE, William C. Smith, President, Standard Oil of Kentucky, Louisville.

INDUSTRIAL DEVELOPMENT COMMITTEE, Ray Bisha, General Industrial Agent, Louisville & Nashville Railroad, Louisville.

LEGISLATION & TAXATION COMMITTEE, John H. Hardwick, Vice-President, Louisville Trust Company, Louisville.

MEMBERSHIP, Thomas A. Ballantine, Louisville.

NOMINATING COMMITTEE, J. Stephen Watkins, Senior Partner, J. Stephen Watkins Consulting Engineers, Lexington.

POLICY EVALUATION COMMITTEE, E. R. Mitchell.

PUBLICATIONS COMMITTEE, Neil T. Dalton, Director of Public Relations, Courier-Journal, Louisville Times & WHAS, Louisville.

RESERVE FUND INVESTMENT COMMITTEE, Earl R. Muir, President, Louisville Trust Company, Louisville.

TOURIST COMMITTEE, E. R. Mitchell.

TRANSPORTATION, Charles Moore, Manager of Traffic, General Electric Company, Louisville.

COUNTY AGENT'S NOTES

Plans to Be Made For 4-H Window Show And Parade; September 25, 26, 27

Paul Keen — County Agricultural Extension Agent

John Caudill — Associate County Agricultural Extension Agent

The 4-H Advisory Council will meet at Kentucky Power Co., on August 4. Plans are to be made for annual 4-H Window Show and Parade set to be held on September 25, 26 and 27. A report will be made on District 4-H Camp held at Quicksand on July 14-18. Plans will also be made to send Earl Begley, Jr., to 4-H Recreation Leadership Camp at Camp Minnewauka, Michigan, and to send a 4-H Poultry Judging Team to State Fair in Louisville.

Peach Tree Borers Control

It does not do much good to lock the barn door after the horse has been stolen, but since this is only the second reminder on borer control, right now would be a good time to follow the directions for the control of this serious pest. The best method which we know of is to thoroughly spray the trunks and crotches of the trees with DDT. Tree sprays were suggested about July 1, August 1, and September 1. Use 6 pounds of 50% wettable DDT per 100 gal. water or 6 tablespoons full per gal. water. The entire trunk, including the crotches, should be sprayed thoroughly and with good pressure. We have obtained better results from the use of either of these materials than by using P.D.B. Also, there is less likelihood of tree injury which may occur when P.D.B. is used. Again may we suggest, Do not neglect your trees.

Steps in Planting an Orchard

The purpose: This should be the first consideration. For the HOME: select varieties to supply fruit for canning, freezing, fresh use, etc., over the season if desired. For COMMERCIAL Planting: select the minimum number of varieties and enough trees of each to provide the volume desired over the selling season. Varieties: Limited list in order of ripening date. Apples—Lodi, Polly Eades, Wealthy, Jonathan, Grimes, Golden Delicious, Rome, Stayman, Pears—Tyson, Maxine, Kieffer, Peaches—Red Haven, Golden Jubilee, Halehaven, Georgia Belle, Elberta, Plums—French Damson, Green Cage, Cherries—Sweet: Napoleon, Windsor, Black Tartarian, Sour: Early Richmond, Montmorency.

Location and site: The home orchard should be near the residence. The commercial orchard should be located in an area that has been found to be favorable for fruit trees. Such areas usually are on highlands where air drainage is good.

Soils: Many soil types are good, but well drained loams usually are best. Deep soils suffer least from drought. Fertile soils yield the best crops, but if a compromise is necessary, a good site should take preference over fertility. A poor soil can be improved.

Planting: The best times for planting are November and late March when the trees are fully dormant. In the fall, a small mound around the base of the trunk of newly set trees will give protection for heaving of the soil by freezing. Probably, the chief cause for failure of trees to live is due to late spring planting when the leaves begin

State Asks Bids On 44 Projects

Frankfort, Ky., Aug. 1 — The Kentucky Department of Highways called today for bids on 44 proposed contracts covering about 195 miles of road improvements. The bids are to be opened here Aug. 22.

The call for bids boosts to approximately 1,880 the total mileage on which road-improvement bids have been asked this fiscal year, which started July 1st.

Most of the proposed work involving paving and resurfacing, mainly on rural roads. Bids are to be opened here Aug. 8 on 110 proposed contracts involving about 885 miles of improvements. The 110 will set a record high, topping the previous record of 90 on which bids were opened July 25. That letting involved approximately 460 miles. The July 11 letting included 53 contracts covering about 340 miles.

Pollination: Most kinds of fruit trees should have good pollination for the production of fruit. Some kinds will bear fruit with self-pollen, while others require pollen from another variety. Apples are mostly self-sterile and must be cross-pollinated. Some varieties of pears and plums will pollinate themselves but some must be cross-pollinated. All sweet cherries are practically self-sterile but sour cherries will bear themselves.

Doris Dotson Wins Leadership Scholarship

Doris Dotson of Hazard, has been named the recipient of a Georgetown College leadership scholarship according to word received today from the Scholarship Committee.

The scholarship is renewable each year for four years Doris Dotson is at Georgetown. Each year the school selects students who have had outstanding leadership records in high school or in extra curricular activities. The Leadership Scholarships require that a student be in the upper quarter of his class in addition to his other honors.

Doris Dotson will be a member of this year's freshman class when school convenes September 15th.

Notice To The Public

In re: Public Service Commission Case No. 3521

Notice is hereby given that the General Telephone Company of Kentucky with its principal offices at Lexington, Kentucky, did on the 8th day of July, 1958, file with the Public Service Commission of Kentucky, Frankfort, Kentucky, an application for a Certificate of Convenience and Necessity to establish a dial exchange in the community of Leatherwood, Perry County, Kentucky. It is contemplated that this exchange will be placed in operation during February 1959. If, and when, such Certificate is issued and upon the establishment of this exchange, and since a good grade of Extended Area Service will be provided between Hazard and Leatherwood, the Company will charge the following rates or such rates as may be finally prescribed by the Public Service Commission in Case No. 3499.

Within the local base rate area the following rates apply:	
Class of Service	
Business Service	
Individual	\$10.25
Two-Party	9.50
Residence Service	
Individual	5.70
Two-Party	5.00
*Five-Party	3.80

The above classes of service are also furnished outside the local base rate area the same rate shown above for the same classification plus mileage charges in accordance with the schedule of mileage charges.

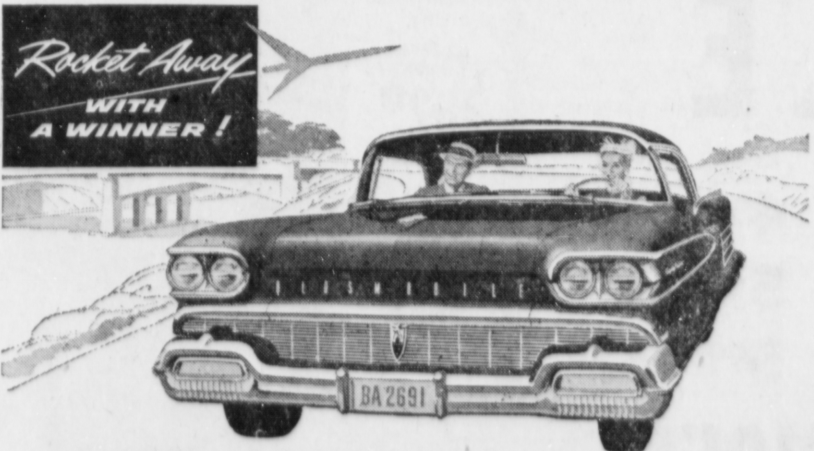

Outside the local base area and within the exchange area the following rate apply:

Business Multi-Party	\$7.00
Residence Multi-Party	4.00
Throughout the exchange area the following rates apply:	
Business Extension	\$1.85
Residence Extension	1.25

*Temporary rate. This service to be discontinued as soon as other facilities are available.

A hearing on said proposed conversion will be held in the offices of the Public Service Commission, at Frankfort, Kentucky on the 25th day of August, 1958, at 8:00 A.M. Central Standard Time (9:00 A.M. Central Daylight Time).
